

MINIROOS GAME LEADER HANDBOOK 2026

Version 3

Key Updates: 2025 – 2026

| Area | 2025 | 2026 |
|----------------------------------|--|--|
| Key Updates | No explicit “Key Updates” comparison section. | New “Key Updates” section introduced to highlight changes year-on-year. |
| Offside interpretation (U10–U12) | Offside does not apply , but players are discouraged from goal hanging; language is advisory. | Offside guidance is more detailed and standardised, including clearer thresholds (e.g. “2–3 or more metres clearly beyond the last defender” for obvious offside). |
| Offside (U12) | Full FIFA offside law applies in U12 competitions (association dependent), with less developmental language. | Maintains application of offside, but explicitly emphasises flexibility, learning, and game flow as the U12 age group has become a non-competition. |
| Retreat line distances | Varies by age: typically, 10m (U8–9), 10–12m (U10–12) penalty box depending on competition. | Standardised more clearly as 15m retreat / exclusion zone from goal line across multiple age groups (U8–12). |
| Free kicks | Mostly indirect free kicks , with limited emphasis on skill development zones. | Introduces clearer distinction: direct free kicks allowed inside 15m exclusion zone , indirect outside – explicitly linked to learning outcomes. |
| Penalties | Penalty distances mostly fixed (e.g. 8m for U8+), description more technical. | Penalty distances clarified by age (e.g. 5m for U8-9, 8m for U10–12) |
| Goalkeeper distribution | Goalkeepers must throw, roll, or play from ground; opposition distance often 10m. | Same handling restrictions retained, but opposition distance clearly increased to 15m , reinforcing build-up play. Allows for quick play by the goalkeeper. |
| Goal kicks | Ball must leave penalty area to be in play; restart is controlled strictly by the Game Leader. | Allows quicker restarts: ball is live once kicked , even if opposition hasn’t fully retreated, IF the goalkeeper plays quickly. |
| Match philosophy emphasis | Development focus stated, but more rule-heavy text. | Stronger, repeated emphasis on player enjoyment, flow of game, and education over enforcement throughout all sections. |
| Cautions / discipline | No yellow/red cards; substitution or removal encouraged for serious fouls. | Same approach retained, with clearer responsibility-sharing between Game Leader and coach . |

What is Small Sided Football

Small Sided Football (SSF) is the national introductory format of the game designed for younger players in grassroots football. It uses smaller fields, fewer players, modified rules, and age-appropriate equipment to create an environment that maximises touches on the ball and encourages active involvement.

SSF is widely recognised as an essential part of early player development, helping children learn technical skills, decision-making, confidence, and a love for the game in a supportive and enjoyable setting.

The age groups within SSF remain consistent and participate in modified formats of traditional football, including adjusted field sizes, player numbers, rules, and ball sizes.

SSF participants fall within Football Australia's Skill Acquisition Phase of the player development pathway. This phase emphasises the development of core skills, with progress observed through player involvement, technical growth, mental engagement, and overall enjoyment of the game.

Grassroots clubs delivering SSF programs should be viewed similarly to the Australian education system, where long-term development, learning, and positive experiences form the foundation of a child's football journey.

Football Philosophy

Small-sided football is focused on the individual player development unlike traditional 11 a side football which focusses primarily on the team objectives and results. Small Sided football is an opportunity for the players to demonstrate the core skills in a match day setting guided by age-appropriate coaching and interactions.

Small-sided football is designed to be inclusive, individual development focused and to provide a great experience for all involved. Players within these age groups are in their formative years on building a love for the game and developing core physical literacy and football related skills.

Match Results

Within these age groups, results are not published on public platforms, and individual match results are not shared publicly or displayed on websites or scoreboards. Commonly known as 'non-competitive', results are not recommended to be shared to ensure coaches, players and parents focus on the game experience and the individual development of players.

Spectators

This non-competitive environment is conducive to encouraging players to express themselves and showcase what they have been taught in their club's development processes, thus, recognition of skillful play and players trying new aspects of the game are fundamental to this age group and the role of the spectator plays an integral role in creating the appropriate environment for players to thrive.

Spectators should be aware of the club's code of conduct and match day expectations. We actively encourage spectators to reward good play from both teams with messages of encouragement and praise. Whilst berating mistakes and coaching players from the sidelines should not occur and should be managed by the club's match day officials.

Role of a Game Leader

Each game is to be controlled by one Game Leader. The main role of the Game Leader is to keep the game moving fluently, limit stoppages and assist players with all match restarts. Most importantly, they must make every effort to create an environment that ensures that all players have fun, are learning the game and have maximum involvement.

The Game Leader can be a club official, parent, young adult/older teenager or beginner referee and should always be enthusiastic and approachable. Most importantly, remember the children are learning the game – be flexible and patient.

The Game Leader Should:

- Check all players are wearing shin guards.
- Ensure team officials and parents create a safe, enjoyable and positive playing environment for the children and do not emphasize winning or losing.
- Always be enthusiastic, consistent and approachable.
- Let the game flow and give instruction to all players on the run where you can.
- Praise and encourage both teams.
- Encourage all children to have fun and different children to take re-starts.
- The closest player to the restart should be encouraged to take the restart especially with throw ins. This speeds up play and will stop teams trying to work out who's turn it is to take a throw in. The goalkeeper to take all goal kicks.
- Use a "Ready, Set, Go" prompt to encourage quick decisions when restarting play.
- Ensure the correct number of players are on the field.
- Discourage players from permanently standing in blatant offside positions and instruct them to move into onside positions. In the U9 – U12 age groups players should be made aware of the offside rule during training and be encouraged to always adopt this philosophy during the game.
- Encourage children to dribble or pass ball to team mates rather than kick the ball long.
- Ensure the opposing team are 15 meters (retreat line/exclusion zone) from the goal line and outside the penalty area.
- Encourage children to be involved in all aspects of the game, attacking and defending.
- Award free kicks as appropriate to help children learn the rules and consequences of committing fouls.
- Explain the rules to players and why a free kick has been awarded.
- When blowing the whistle, make it loud so everyone can hear as this provides a perception that you are in control of the game.

A GAME LEADER SHOULD:

Offsides

As players are learning the game we cannot expect the timing of their movement, runs and decision making to be like the senior game. As such, we encourage Game Leaders to apply leniency as shown in the graphics to the traditional Laws of the Game offside rule. We want to encourage forward runs in support of the attack and reduce players 'goal hanging' or waiting at the other end of the field for the ball to arrive.

(1. Player slightly offside (within a body width) highlighting that in SSF we do not deem this 'offside')

(2. Player blatantly offside (3m +) highlighting that this is blatant.)

Offside Rules (Small Sided Football U8 – U12)

The offside rule applies to encourage positional awareness and fair play; however, within the Small Sided Football, it should be interpreted with flexibility to support player learning and enjoyment. An obvious offside shall be considered when an attacking player is clearly beyond the last defender (outfield player) - typically by 2 to 3 metres or more - at the moment the ball is played and is actively involved in play or gaining an advantage.

Marginal or unclear situations, where a player is only slightly ahead of the defender (less than 1 metre), should generally be allowed to continue in the spirit of development and maintaining the flow of the game. Club Officials, Coaches, and Game Leaders should work together to ensure these guidelines are applied consistently. The priority is always a positive matchday experience where development and learning are valued over strict enforcement.

Offside decisions will naturally involve some subjectivity. All involved are encouraged to approach these situations with patience and understanding, keeping player learning at the centre.

Free kicks

Direct free kicks are permitted when awarded inside the 15-metre exclusion zone. This allows players to practice free-kick shooting techniques.

Free kicks awarded outside the exclusion zone are indirect. Teams are encouraged to play short, quick passes and continue the game with fast decision making.

Please avoid aimless long balls into the penalty area. An indirect free kick is where a goal can be scored only if the ball subsequently touches another player before it enters the goal.

DIRECT FREE KICK – Inside the 15m exclusion zone

IN-DIRECT FREE KICK – Outside the 15m exclusion zone

Penalties

A penalty shall be awarded if a foul listed below is committed inside the penalty area. No indirect free kicks are to be taken within the area, and play may continue if the referee applies advantage. For deliberate or serious acts of handball, or for fouls and misconduct committed inside the penalty area, a penalty kick is awarded from the 8-metre penalty mark (U10–12), or the 5-metre penalty mark (U8-9), with only the goalkeeper in position.

All other players must remain outside the penalty area and at least in line with the retreat line (exclusion zone) until the ball is kicked.

Fouls and misconduct include:

- Kicking or attempting to kick an opponent
- Tripping or attempting to trip an opponent
- Jumping at an opponent
- Charging an opponent
- Striking or attempting to strike an opponent
- Pushing an opponent
- Tackling an opponent from behind to gain possession of the ball
- Making contact with the opponent before touching the ball
- Holding an opponent
- Spitting at an opponent
- Deliberately handling the ball
- Playing in a dangerous manner
- Impeding the progress of a player

Cautions

In small-sided football we do not typically issue yellow or red cards, however we encourage Game Leaders & Coaches to take responsibility for the safety and welfare of all players. If the Game Leader or Coach believes a serious foul has been committed that would warrant a caution in traditional football formats, we encourage them to utilise one of the following techniques:

- Substitute the player(s) from the match for 5 minutes.
- Remove the player for the remainder of the game.
- Game Leader to hand over responsibility of the player management to the coach.

Player Education

Should a penalty or free kick be awarded then the game leader should explain to the players why that decision was given.

PLAYING FORMATS

Under 5 - 7

Player Numbers: Under 5 - 7 football should have a maximum of 4 v 4 on the field with no Goalkeeper

Goal Type: It is preferable that pop-up style portable goals are used where possible however, the use of poles or markers as goals is also suitable. Goal size of 2m x 1m

Offsides

There is no offside rule in MiniRoos Under 5-7. Game Leaders should strongly discourage children from permanently standing in blatant offside positions.

Goalkeeper (Open Play)

There are no goalkeepers in MiniRoos Under 5-7. It is the responsibility of the Game Leader to discourage children from permanently standing in front of the goal.

Ball crossing the Touch line

There is no throw in. A player from the opposing team to the player that touched the ball last before crossing the touch line will place the ball on the touch line and pass or dribble the ball into play. Opponents must be at least 5m away from the ball until it is in play. The ball must touch a teammate before a goal can be scored.

Ball crossing the Goal line

There is no corner kick. Regardless of which team touched the ball last, a player from the team whose goal line the ball has crossed will place the ball anywhere along the goal line and pass or dribble the ball into play. Opponents must retreat to the halfway line and can move once the ball is in play. The ball must touch a teammate before a goal can be scored.

Fouls or Misconduct

Indirect free kicks are awarded for all acts of handball or fouls and misconduct. Opponents must be at least 5m away from the ball when the indirect free kick is taken. (An indirect free kick is where a goal can be scored only if the ball subsequently touches another player before it enters the goal). Most acts of handball or fouls and misconduct at this level are caused by a lack of coordination, with no intent. In this case try and give the advantage to the attacking team and continue play. If you decide a deliberate or serious act of handball, foul or misconduct has occurred, explain to the child they have done the wrong thing and that they should not do this again. Free kicks should be awarded as appropriate.

Field Layout

(Playing formats mixed age Under 5 – 7)

| Half - Time | 5 minutes |

Player Numbers: Under 8 & 9 football should have a maximum of 7 v 7 on the field including Goalkeepers

Goal Type: It is preferable that portable goals are used where possible however, the use of poles or markers as goals is also suitable. Goal size of 3m x 2m.

Offsides

There is no offside rule in Under 8-9 Small Sided Football. Game Leaders should strongly discourage children from permanently standing in blatant offside positions.

Goalkeeper (Open Play)

The goalkeeper is permitted to handle the ball anywhere within the penalty area. To restart play after making a save or gathering the ball with their hands, the ball must be thrown, rolled, or played from the ground with their feet.

If the goalkeeper chooses **NOT** to restart play quickly, Game Leaders should ensure that all opposition players are positioned at least 15 metres from the goal line (outside the penalty area and behind the retreat/exclusion line) before play resumes. **If the goalkeeper decides to play quickly the ball is live regardless of where the opposition is stood.**

The ball is considered in play **once it has been placed or dropped on the floor, thrown or rolled**. A direct free kick from the 15m line is awarded if the goalkeeper touches the ball with their hands after it has been deliberately passed back to them by a teammate.

The goalkeeper is **NOT** allowed to kick or drop kick the ball directly from their hands. The ball must be placed on the ground before being kicked. It must not be kicked on the full, drop kicked, or allowed to bounce multiple times in a drop-kick manner before being struck.

Long passes are permitted when the ball has been placed on the ground, as the focus is on encouraging constructive play and reducing aimless long kicking.

If a goalkeeper kicks a ball from their hands or performs a drop kick

The Game Leader reminds the goalkeeper that they must either throw or roll the ball from their hands. Play restarts with the goalkeeper in possession of the ball (ball in hands). If this continuously occurs during the match the Game Leader should continue to educate the play about the rule and asks the Coach to support the Game Leader in educating the player of the rule.

Ball crossing the Touch line (Throw In)

Player faces the field of play, has part of each foot on the ground either on or behind the touch line, uses both hands and delivers the ball from behind and over their head. The thrower must not touch the ball again until it has touched another player. Opponents must be at least 5 metres away from the ball until it is in play. The ball is in play once it enters the field of play. A goal cannot be scored directly from a throw in.

Ball crossing the goal line after touching the defending team last (Corner kick)

Corner kick. A player from the attacking team places the ball inside the corner arc nearest to the point where the ball crossed the line. Opponents must be at least 5 metres away from the ball until it is in play. The ball is in play when it is kicked and moves. A goal may be scored directly from a corner kick.

Ball crossing the goal line after touching the attacking team last (Goal kick)

A goal kick should be taken from 1–2m of the goal line within the penalty area. Opponents must remain at least 15 metres from the goal line (behind the retreat line/exclusion zone) and outside the penalty area until the ball is in play. Game Leaders should not allow play to restart until they are satisfied all opposition players have retreated to the correct distance. **However, if a Goalkeeper decides to play quickly the ball will then become live. The ball is considered in play once the goalkeeper has kicked it, consistent with 11v11 laws.** After the goal kick is taken, the opposition team may enter the 15-metre exclusion zone and contest the ball. The intent of this rule is to keep the game realistic and simple for Game Leaders, while the increased exclusion zone provides additional space and time to promote measured build-up play from the back.

Field Layouts

(NFA and FNSW recommend the Under 12 to be played as per the 'box to box' dimensions where possible. If this is not possible then then half field layout [U10-11] can be used)

Goal Type

To comply with Australian Safety Standards, portable goals must be anchored securely to the ground. The use of sandbags or pegs is recommended when using portable goals. For more information on Australian Safety Standards please visit the Product Safety Australia website: productsafety.gov.au

Field Markings

Cones, markers or painted line markings are suitable. This includes the penalty areas in the U9 – U12 age categories.

Start of play and re-start after a goal

Pass to a teammate from the middle of the halfway line. All players must be in their own half of the field of play. Opponents must be at least 5 metres away from the ball until it is in play. The ball must touch a teammate before a goal can be scored.

Ball in and out of play

The ball is out of play when it has wholly crossed the goal line or the touch line on the ground or in the air, or when play has been stopped by the Game Leader.

Shin Guards

Shin guards must be worn by all players without exception.

Concussion

Any player suspected of suffering from concussion should be examined by a medical practitioner before

returning to play. **As a general rule:** “If in doubt, sit it out”.

Method of Scoring

A goal is scored when the whole of the ball passes over the goal line, between the goalposts and under the crossbar. When goal posts are not available and cones are used for goals, a goal is scored when the ball passes between the cones without touching them, below shoulder height of the player.

Player Borrowing

Players may be moved between teams within the same age group, or up to a maximum of two (2) years above their actual age, within the Club to accommodate ability and availability, without requiring prior approval from the Association. Permanent moves require association approval, while casual movements should be treated as player upgrades.

Substitutions

Players may be rotated on and off the field at any time during the game. A coach/parent may make substitutions while the ball is in play, ensuring the player is off the field before the substitute goes on.

Equal playing time should be a priority ensuring all players regardless of age, gender and/or ability get to take the field. Regular rotation of players is key.

Kids don't register to watch football – they just want to play! If there is space on the sidelines, substitutes should be encouraged to set up small-sided games or practice their skills in a designated area, not interfering with play.
